*Casa di Caviar*

# *Where Legacy meets Luxury*

03.20.2026 @ 7:30pm

For one night only, Castello Ristorante presents an exclusive collaboration with Casa di Caviar — an elevated after-dark experience where elegance takes centre stage.

Wrapped in a late-night ambiance, guests will move through chef-curated tasting stations featuring signature dishes finished with premium caviar. Castello's bar will be open throughout the evening, offering a curated selection of wines, spirits, and handcrafted cocktails available for purchase, alongside live DJ entertainment designed to carry the night well past dinner.

From delicate bites to indulgent classics reimaged, each element of the evening is thoughtfully composed to be savoured slowly — a celebration of flavour, atmosphere, and unapologetic luxury.
